

**2016 Q1 Release Notes AuthentiCare® Kansas:**

<b>Release Date :</b>	January 21, 2016
<b>Release Time :</b>	8:00 PM CT January 21 – 4:00 AM CT January 22, 2016
<b>Release Duration :</b>	8 Hours

**Note: No IVR down time is expected; Web and Reports may be intermittently unavailable.** No extended database outage is expected, however; users may experience difficulties using the AuthentiCare website and reports as database components are updated. Web users should be advised to finish their web-related work, and run any reports prior to 8:00 p.m. CT on Thursday, January 21, 2016. The IVR will continue to function normally during the install and will not be turned off.

<b>Item No.</b>	<b>Summary</b>	<b>Benefit</b>
1.	<p>IVR Enhancement: will state option 1 for check in; option 2 for check out; option 3 for time worked this week. The IVR and Mobile App are being modified to state:</p> <ul style="list-style-type: none"> <li>○ Number of hours worked today</li> <li>○ Number of hours worked this week</li> <li>○ Incomplete visits for today.</li> </ul>	Performance Enhancement
2.	<p>IVR/Mobile Lockout of Unregistered Worker configuration:</p> <p>The IVR and AuthentiCare Mobile App will treat workers who have no SSN or Worker Visa Number in their profiles as unregistered.</p> <p>Locking down of the unregistered Workers from logging into Mobile and IVR will be implemented by a configuration item that will be turned off during initial implementation. The Configuration item will be turned on, on a later date decided by the Kansas Department for Aging and Disability Services (KDADS).</p>	Performance Enhancement

3.	<p><b>Master Worker Entity Page:</b></p> <p>One agency-unique 7-digit Master Worker ID is created as a sort function to display SSN or Work Visa number plus all agency-unique 5-digit Worker ID numbers on one Master Worker Entity Page. Any of the numbers associated with the DSW could be utilized in the search function. Certain elements on this page will be masked as determined per role/right.</p> <p>The purpose of the page is to allow quick review of worker hours by Employer. The Master Worker page allows the State Administrators, MCO's and the Providers to view the Master Worker hours grouped by Employer. The page is data scoped for the three user roles.</p>	New Functionality
4.	<p><b>Name Change for Waiver Program:</b></p> <p>MRDD will change to IDD in AuthentiCare</p>	Enhancement to meet KS Waiver language
5.	<p><b>Name Changes of all attendant care services in all waiver programs and MFP program:</b></p> <p>All attendant care services will be Personal Care Services.</p>	Enhancement to meet KS Waiver language
6.	<p><b>IVR and Web Name Changes to Acronyms:</b></p> <ul style="list-style-type: none"> <li>○ Personal Care Services - PCS</li> <li>○ Personal Emergency Response System - PERS</li> </ul>	Enhancement
7.	<p><b>Providers have access to create and edit Client-assigned Representatives.</b></p> <ul style="list-style-type: none"> <li>○ There will be a Representative Entity Settings Page.</li> <li>○ An FMS Provider will have the conferred right in the KS_Admin role to create and edit Representatives for Clients associated with the provider.</li> <li>○ An email address and cell phone contact number will be supported as standard data fields for the Representative.</li> <li>○ EIN is mandatory for Clients to have a Representative.</li> </ul>	New Functionality

8.	<p><b>Representative Role/Right:</b></p> <ul style="list-style-type: none"> <li>○ A Representative User Role will have the right to run the Time and Attendance report for the Representative's client for a 30-day period.</li> <li>○ A Representative User will log in to set alert destinations and preferences.</li> <li>○ A Representative User will enter an email address to receive alerts. Representative Users can specify by check boxes if they want alerts for check-in or checkout.</li> <li>○ A Representative User will be able to view all claims belonging to the Consumer and confirm claims with Self Direct Services for export.</li> </ul> <p>The email alerts received by the Representative User will designate:</p> <ul style="list-style-type: none"> <li>○ That a Worker has checked in to provide services</li> <li>○ That a Worker has checked out from providing services <ul style="list-style-type: none"> <li>○ There are four possible check out messages: <ul style="list-style-type: none"> <li>○ A worker has worked fewer than 30 hours</li> <li>○ A worker has worked between 30 - 38 hours</li> <li>○ A worker has worked between 39 - 40 hours</li> <li>○ A worker has worked X hours of overtime</li> </ul> </li> </ul> </li> </ul> <p>The email alerts received by the Representative User will not contain PHI.</p>	New Functionality
9.	<p><b>Admin Worker Reports:</b></p> <p>Two new reports are being created to display groups of records where the worker is selected by SSN or Work Visa Number, along with the Provider IDs for each row. MCOs, State Administrative users and Providers have access to these two new reports.</p> <ul style="list-style-type: none"> <li>○ Master Worker Hours Report: This Report is a useful tool to review the Total Worker Hours per Employer per week.</li> <li>○ Overlapped Claim by Master Worker Report: This Report lists the claim overlaps for the Master Worker across Employers.</li> </ul>	New Functionality
10	<p><b>Worker by Provider Report Change:</b></p> <p>SSN/Work Visa Status will be added as an additional filter on the Worker by Provider Report to list the Workers who do not have an SSN or Work Visa Number. There will be no change to the actual report.</p>	New Functionality
11	<p><b>Mobile Check-out page:</b></p> <p>The Check-out page will be updated. A new button labelled, 'Summary of Service Hours' will be added to the check-out screen. This button will give the summary of the hours worked by the Direct Service Worker for Agency and Self Directed services.</p>	New Functionality

12	Make Work Visa Number a required field on the Worker Entity Settings page if SSN=999999999	New Functionality
