

Final Rule Stakeholder Call

Topics: Provider Self-Assessment and Recap of July Community Connections Tour

08/21/2019

Questions and Comments:

1. **Question/Comment:** Site specific assessment will go to everyone who bills HCBS or just to providers that are going to be affected by the Rule?

KDADS: All HCBS sites have to be assessed

2. **Question/Comment:** Will you work with CDDOs when to make sure providers are completing the assessment

KDADS: Yes, we will have resources on the website.

3. **Question/Comment:** When will the website be launched and who will be doing the desk review?

KDADS: The survey will be released next month and the desk review will be a collaboration between KDADS and WSU. Desk reviewers will be working with providers

4. **Question/Comment:** Will the online assessment be able to be saved and come back to, and/or will the questions be provided ahead of time

KDADS: Yes it can be saved and you can print out the questions. You will have contact information to someone who can help you through the survey

5. **Question/Comment:** When will the dates, times and for provider trainings be available

KDADS: That information is being worked out currently and it will be

Response: Since it is less than a month away we want to make sure that we have these on our calendars

6. **Question/Comment:** In previous phone calls it was said that examples would be provided showing what is compliant, are those still going to be available?

KDADS: Yes we will have those provided

7. **Question/Comment:** Will targeted case managers have access to this survey

KDADS: This is a state service so I am not sure they would need to have access to the survey.

8. **Question/Comment:** Is there going to be a general portal for providers or will there need to be a unique ID to access the portal for providers?

KDADS: I think there will be a specific number that is assigned to you so all of your information can be kept together

9. **Question/Comment:** If the survey is ready to be completed by September, can providers just start?

KDADS: It will be officially open on September 15th, and it will be ready to be taken and completed at that time.
