

Community Psychiatric Support and Treatment (CPST)

Providing CPST

Course Description

This course covers information that relates specifically to providing Community Psychiatric Support and Treatment (CPST) to youth and adults. This course has been approved by the State of Kansas as the online training requirement for providing CPST.

Course Objectives

Upon successful completion of the online course “Community Psychiatric Support and Treatment (CPST),” the participant will have received a score of at least 80% on the Post Test. To attain this score, the participant will demonstrate an understanding of CPST:

- What is Community Psychiatric Support and Treatment (CPST)?
- What supports and treatments are included in the service?
- What are my responsibilities as a provider?
- How do I provide CPST?
 - Treatment Plan
 - Selecting interventions
 - Solution-focused problem solving approach

Topics Covered in CPST

- Provider information
- Population served
- Five components of CPST
- Location of service
- Client involvement
- Medical Necessity
- Evidenced-based practices
- Provider responsibilities
- Treatment Plan
- Structuring CPST sessions
- Selecting interventions

CEU's Awarded Upon Completion 1
