

Four Core Values of CBS

Course Description

This course examines four values that form the foundation of Community Based Services.

Course Objectives

Upon successful completion of the online course “Four Core Values of CBS,” the participant will have received a score of at least 80% on the Post Quiz. To attain this score, the participant will have an understanding of the value of keeping youth in their homes and communities when possible and how the four core values support community based services. Objectives include understanding:

- The Shift from Institutional Care to Systems of Care
- What are Systems of Care and Why They are Needed
- Values that Formed the Vision for Standards of Care for Children’s Mental Health Services
- The Four Core Values of Community Based Services and How Each Supports Community Based Services

Topics Covered in Four Core Values of CBS

- The Importance of Values in Mental Health Services
- Systems of Care
- The New Freedom Commission
- The Four Core Community Based Service Values in Kansas
