This February 16, 2016 Flash Communication contains the following information:

- New CAT IVR Number
- Forms to Assist with Worker Training

**New CAT IVR Number:**
There is, effective immediately, a change to the Kansas CAT Interactive Voice Response (IVR) number. It is now **1-888-852-7846; Code 125**. This is the new number you will use to train workers on IVR use. The production number workers use daily to check-in and check-out for providing services to Kansas consumers does not change.

**Forms to Assist with Worker Training:**
Forms to Assist with Worker Training included with this Flash Communication are the **Worker Handout** and the **Playback Order by Service List**. Please let us know if you have questions about either of these documents. The Worker Handout includes new IVR messaging and the Playback Order by Services List includes the new name for attendant care services as well as the acronym “PCS.” (This name and acronym were stated earlier in the Flash Communications of January 13 and January 25, 2016.)
