for Kansas*

## Senior Health Insurance Counseling for Kansas (SHICK)

SHICK is a free, unbiased and confidential program that employs trained community volunteers to answer questions about Medicare and other insurance issues.

Our volunteer counselors do not work for any insurance company. Their goal is to educate and assist the public in making informed decisions about their health care options.

### SHICK is Looking for a Few Good People

The ideal SHICK counselor has:

- The ability to work with others
- A caring, confident attitude
- The ability to understand healthcare information and options
- A willingness to stay up-to-date with changing regulations
- Familiarity with computers and the Internet
- Good communication skills
- Strong organizational skills
- Time to commit to multiple ongoing projects

### SHICK Has Many Volunteer Opportunities *Perhaps one is right for you!*

The Medicare Grants program operates with six standard volunteer roles:

- Distributing information
- Assisting with administration\*
- Staffing exhibits\*
- Making group presentations\*
- Counseling\*
- Handling complex issues and referrals\*

*\*These roles are identified as “positions of trust” and require a more demanding screening process. A position of trust is one in which a volunteer has access to another person’s protected personal, health care or financial information.*

## SHICK Volunteers Receive:

### Training

SHICK volunteers receive training on Medicare, Medicare Prescription Drug Insurance, Medicare Supplemental Insurance, Long-term Care Insurance and other health insurance subjects that concern Kansans. Training is offered locally and online. Volunteers must complete an application and interview process and pass a background check before being allowed to complete SHICK training.

### Support

Volunteers are supported by staff at the state and local levels. Regional SHICK coordinators provide assistance, office space and equipment, supplies and training support to volunteers in their areas.

### Satisfaction

Health insurance options can be confusing. SHICK volunteers help Medicare beneficiaries, caregivers and others understand their choices, access the benefits available to them and find programs to help pay for medications and other services.
