

Kansas Governor's Behavioral Health Services Planning Council

Prevention Subcommittee

Annual Report 2022

VISION

- ▶ To ensure that key representatives and stakeholders are involved in the provision of reflection, feedback, and guidance relating to initiatives within Kansas Behavioral Health Prevention Initiatives to ensure enhanced collaboration, effectiveness, and impact on state and local level prevention and behavioral health outcomes.

MISSION

- ▶ To provide feedback, guidance, advocacy, and engagement at the state level for related behavioral health prevention outcomes and identification of systems changes to address challenges, barriers, issues, and needs at the State, regional, or community level.

Trends in Behavioral Health Priorities

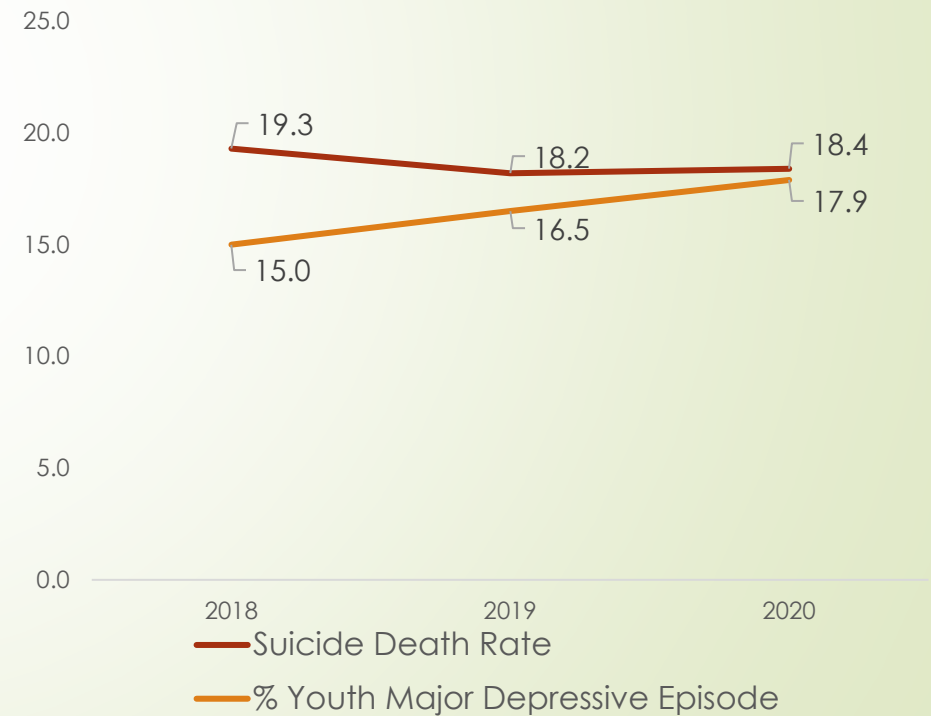

5

Decrease in Kansas Youth Substance Use 2020-2022

Kansas Suicide Death Rate per 100,100 and Percent of Youth with a Major Depressive Disorder in the Past Year

SFY 2022 Past Year's Goals and Progress

1. Support shared access to data resource
 2. Empower state entities to provide synergy for local partners at all points on the prevention continuum.
 3. Allocate Resources to Data-driven Priorities
 4. Update the Subcommittee Prevention Plan annually.
- 

SFY 2023 Goals

1. Support improved shared access to data resources
2. Empower state entities to provide synergy for local partners at all points on the continuum of care.
3. Allocate resources to prioritized areas of need through data-driven decision-making.
4. Update Kansas Behavioral Health Prevention Plan
5. Advocate for equity across the continuum of care with services available to people of diverse populations reflective of their identity and community and specific to their needs.

Goal 1: Support improved shared access to data resources among State Agencies and GBHSPC Subcommittees.

Objective 1.1	Create awareness of the 2022 <i>Kansas Behavioral and Mental Health Profile</i> by asking the Governor's Behavioral Health Services Planning Council (GBHSPC) to share and promote the Profile at an All-Subcommittee meeting.
Objective 1.2	Engage regular communication with Subcommittee Chairs and members to increase opportunities for collaboration around data needs and strategies to improve access and resources.
Objective 1.3	Recommend the SEOW have access to mental health and substance abuse treatment data for annual inclusion in the <i>Kansas Behavioral and Mental Health Profile</i> .

Goal 2: Empower state entities to provide synergy for local partners at all points on the continuum of care.

Objective 2.1	Support expansion of SBIRT utilization to youth populations (grades 6-12) to increase early detection of substance misuse and provide greater opportunity for substance use related education.
Objective 2.2	Connect Kansas youth and adult prevention efforts for better collaboration in communities.
Objective 2.3	Provide leadership and support to regional and local partners by securing and distributing a suicide prevention awareness campaign materials/ toolkit.
Objective 2.4	Work to secure sustainable resources for initiatives that improve access to behavioral healthcare to support an environment that is amenable to prevention.

Goal 3: Allocate resources to prioritized areas of need through data-driven decision making.

Objective 3.1	The Subcommittee will complete a behavioral health needs assessment and prioritize areas of concern.
Objective 3.2	The Subcommittee will support and promote their identified behavioral health priorities by creating awareness and posting county level data and trends for these priorities on the Kansas Prevention Collaborative website.
Objective 3.3	The 2023 Prevention Subcommittee Annual Report to the GBHPC and KDADS Secretary will include funding allocation requests for behavioral health priorities.

Goal 4: Update the *Kansas Prevention Subcommittee Behavioral Health Prevention Plan* Annually.

Objective 4.1	Review the <i>Kansas Prevention Subcommittee Behavioral Health Prevention Plan</i> and assign members or teams to update sections.
Objective 4.2	Continue to include and update Student Voice section to emphasize Kansas youth prevention initiatives (e.g., Kansas Youth Connect, YLINK).
Objective 4.3	Review updates and finalize revisions.
Objective 4.4	Final proofreading and submission for prevention partner feedback.
Objective 4.5	Completion and dissemination of the annual <i>Kansas Prevention Subcommittee Behavioral Health Prevention Plan</i> .

NEW Goal 5: Advocate for behavioral health Equity across the continuum of care

Objective 5.1	Engage diverse voices, perspectives and experiences, including those of people-served, to adapt behavioral health prevention services in Kansas equitably and inclusively.
Objective 5.2	Recommend the intentional provision of prevention services, with consideration of placed-at-risk populations of all Kansans.
Objective 5.3	Recommend inclusive measurement strategies for ensuring prevention services are equitable and just.
Objective 5.4	Identify behavioral health disparities and recommend efforts to eliminate them.
Objective 5.5	Ensure that all goals, objectives, and membership recruitment of the Prevention Subcommittee are reviewed with a lens attuned to diversity, equity, inclusion, and justice.

Recommendations to GBSPC & KDADS

- **1. Data-sharing and Access**

- a. Support improved data-sharing among State Agencies and Subcommittees.
- b. We ask that the GBHSPC share and promote the Kansas Behavioral & Mental Health Profile at an all-subcommittee meeting.

- **2. Transitions**

- a. Expand approved providers for SBIRT by changing the language to include community health workers and other health education providers.
- b. Consider sustainable resources for initiatives that improve access to behavioral healthcare to support an environment that is amenable to prevention.

- **3. Collaboration**

- a. Hold quarterly GBHSPC Subcommittee Chairs' meetings for increased awareness and opportunities for collaboration.
- b. Hold annual all-subcommittee meetings to identify opportunities for coordination of goal development and alignment.

➔ SFY 2023
Resources
Request

Action	Estimated Cost
Support broader evidence-based universal prevention strategies for community and statewide implementation around Prevention Subcommittee behavioral health priorities.	\$500,000
Hire and employ a centralized Epidemiologist to gather, compare, and compile behavioral health needs assessment data across all State Departments and Subcommittees and to support and maintain a Behavioral Health Data Inventory.	\$80,000 or higher in consideration of fair market rate
