

Community Mental Health Centers

Community Mental Health Centers (CMHCs) are charged by statute with providing the community-based public mental health services safety net. In addition to providing the full range of outpatient clinical services, CMHCs provide comprehensive mental health rehabilitation services, such as psychosocial rehabilitation, community psychiatric support and treatment, peer support, case management and attendant care.

Consumer-Run Organizations

CROs are legally incorporated nonprofit consumer-governed and operated organizations using a recovery model built on self-direction, empowerment, peer support and hope for restoring individuals to a life that is integrated and meaningful according to each person's own terms. Recovery oriented services typically include self-help groups, activities and resources to empower members to work, volunteer, attend school or further enrich their lives as members work towards recovery.

Housing Assistance Programs

Kansas Department for Aging and Disability Services Programs

The Kansas Department for Aging and Disability Services currently offers 4 different programs to assist individuals that are homeless or at risk of homelessness and experiencing Severe and Persistent Mental Illness (SPMI) or Serious Mental Illness (SMI). They are Supported Housing Funds, Interim Housing, PATH and CABHI.

- **Supported Housing Funds (SHFs)** is a state-funded program that provides assistance on a temporary, limited basis by supporting eligible individuals who are experiencing a mental illness to obtain and/or maintain housing in the least restrictive environment possible. This is accomplished by providing temporary financial assistance for their housing needs. The goal is to provide persons with SPMI/SMI the help and support they need to stay housed and live more independent, healthy, productive, and fulfilling lives. The SHF program supports eligible individuals who are experiencing a mental illness to obtain and maintain housing in the least restrictive environment possible.
- **Interim Housing (IH) projects** are short-term (up to six months) project-based housing that provides immediate community-based housing for persons who meet HUD's definition of homeless; who are homeless and being discharged from inpatient or residential mental health or substance use treatment facility (e.g., a state psychiatric hospital (SPH), nursing facility for mental health (NFMH), substance use disorder (SUD) treatment facility or community hospital inpatient psychiatric program). There are currently 7 CMHCs that have Interim Housing Projects: Compass Behavioral Health – Garden City, KS, Community Mental Health Center of Crawford County – Pittsburg, Four County Mental Health – Independence, Johnson County Mental Health Center – Mission, Prairie View, Inc. – Newton, Valeo Behavioral Health – Topeka, and Wyandot Center – Kansas City.
- **Projects for Assistance in Transitioning from Homelessness (PATH)** is a program designated to support the delivery of eligible services to persons who have a SMI and may also have a co-occurring disorder, are homeless or at risk of becoming homeless. Through outreach services provided by CMHCs, PATH links a vulnerable population who experience persistent and pervasive health disparities to mainstream and other supportive services. Collectively these efforts help homeless individuals with serious mental illness secure safe and stable housing, improve their health, and live a self-directed, purposeful life. There are currently 7 CMHCs that have PATH programs: COMCARE – Wichita, KS, Community Mental Health Center of Crawford County – Pittsburg, KS, Bert Nash – Lawrence, KS, Central Kansas Community Mental Health Center – Salina, KS, Pawnee Mental Health – Manhattan, KS, Valeo Behavioral Health – Topeka, KS, and Wyandot Center – Kansas City, KS.
- **Cooperative Agreements to Benefit Homeless Individuals (CABHI)** is a three-year federal agreement to assist individuals who experience chronic homelessness and

veterans who experience homelessness/chronic homelessness with co-occurring mental and substance use disorders. CABHI's primary goal is to ensure that the most vulnerable people experiencing homelessness and chronic homelessness receive access to housing, treatment, and recovery support services. The three counties served through CABHI are Sedgwick, Shawnee, and Wyandotte.

Psychiatric Residential Treatment Facilities

PRTFs provide out-of-home residential psychiatric treatment to children and adolescents whose mental health needs cannot be effectively and safely met in a community setting. These programs are intended to provide active treatment in a structured therapeutic environment for children and youth with significant functional impairments resulting from an identified mental health diagnosis, substance use diagnosis, sexual abuse disorders, and/or mental health diagnosis with co-occurring disorder (i.e., substance related disorders, intellectual/developmental disabilities, head injury, sexual misuse disorders, or other disabilities which may require stabilization of mental health issues).

Residential Care Facilities

Residential Care Facilities (RCFs) provide housing and needed supports to persons with mental illness who cannot find their own housing and/or who need staff support to live successfully in the community. RCFs are not mental health treatment facilities and residents needing mental health treatment receive that treatment from a Community Mental Health Center (CMHC) or other private providers. RCFs do not receive state or federal funding, but are funded by resident fees predominately from federal Supplemental Security Income or other disability benefits.
